

NEMI day 2021

Crossing Borders

NEMI and NeCEN are happy to invite you to the 2021 NEMI day:

23rd November 2021 (9:00 – 17:00) at Naturalis Leiden

This year's theme will be 'Crossing Borders', the aim being to showcase scientific research that ventures from different scientific fields into electron microscopy and vice versa.

You can look forward to a day with a variety of talks by presenters from the [NEMI flagship nodes](#) and poster sessions on topics covering exciting science involving EM in both materials and life sciences. Our keynote speakers are:

Life Sciences: Dr. Elizabeth Villa (UCSD, HHMI)

Material Sciences: Prof. Quentin Ramasse (Leeds University)

Register now as there is only a limited amount of tickets available.
